The Devil Dog Squadron, based in Georgetown, is a volunteer organization of the Commemorative Air Force dedicated to flying, maintaining and preserving a WWII B-25 bomber, the Devil Dog. Central Texas is in danger of losing this historic treasure if we are unable to fund a \$75,000 engine replacement. We are more than half-way to our goal - join our event and help keep the Devil Dog in Georgetown!

## WWII Veteran - George Savini

Mr. Savini, a WWII veteran of the VMB 612 Squadron, has graciously agreed to travel from New York to attend our event and share his experiences with the VMB 612 and PBJs - the Marine Corps' version of a B-25. The Devil Dog represents a PBJ of the VMB 612.
